

PASSING & OVERTAKING ROAD SECTION DETAILS														
Indicative AADTs, Length & Terrain										Prepared LJC 30-6-08				
Key	Type of Strategy	Projected vpd	Road Gradient	NOTE. To manage the uncertainty of estimated projected traffic flows, road sections covered by the PO Policy will be developed in 10 year intervals towards a long-term 25-30 year layout so that projected traffic growth and hence demand can be more closely matched with actual traffic conditions.										
1	OT	2,000 or less	All											
		2,000-4,000	Flat											
2	Mainly OT	2,000-4,000	Rolling											
		4,000-5,000	Flat											
3	Mainly OT	2,000-4,000	Mountainous											
4	P & OT	4,000-10,000	Rolling											
		5,000-12,000	Flat											
5	P & OT	4,000-10,000	Mountainous											
6	P	10,000-25,000	Rolling											
		12,000-25,000	Flat											
7	P	10,000-25,000	Mountainous											
	Excluded	All urban and any rural four-laning												
Note: P = Passing, OT = Overtaking
